Re: Beginning Experience Trademark

Dear Ms. Murphy:

I am pleased to enclose the original Certificate of Registration No. 2,740,458 issued July 22, 2003 for the above-referenced mark. This registration has been granted on the Principal Register in accordance with the provisions of the Trademark Act of 1946, as amended, and will run for a period of ten (10) years from the date of registration.

The registration is renewable every ten years, so as long as the mark remains in use (until July 22, 2013). However, the Act provides for cancellation of the registration unless a verified showing of continued use of the mark is filed within one year after the expiration of five years from the registration date (no later than July 22, 2009), and every ten years accompanying the renewal.

Since the mark has now been registered, we recommend that, wherever feasible, the mark be accompanied by a registration notice. The registration notice may take the form of "Registered in the U.S. Patent and Trademark Office" or "Reg. U.S. Pat. & Tm. Off." or simply the "R" enclosed within a circle, thus "®." Failure to make use of some form of registration notice may limit the amount of damages awardable to a registrant in an infringement action.

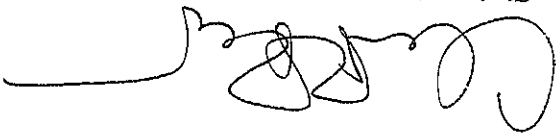

We shall bring these requirements to your attention five years from the date of registration and prior to the expiration of the ten year term. To avoid possible loss of valuable rights, we ask that you advise us of any change of address or ownership which may affect the registration.
